MARIE SMITH

Software Engineer

SUMMARY

Data-driven and detail-oriented software engineer passionate about producing clean code and user-friendly functionality. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a company with a creative bent.

WORK EXPERIENCE

Software Engineer at 100devs | Remote

April 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied project management agile methodologies like SCRUM

Recent Projects:

ConfiDance (Full Stack Web App) https://confidance.cyclic.app/

Logged in users can add, edit and delete public and private journal entries, view their weekly numbers, select customized poses, and access dance/movement class VODs.

Praise Board (Full Stack Web App) https://praisefolder.cyclic.app/

Users can login to their profile and find their dashboard of praises/acknowledgments. They can add acknowledgments through an input, pin their favorites, like others' public acknowledgements, and sort or delete any in their profile.

Other Projects: Guilty Pleasures Cabaret Match Game, ArtSocial Public Art Generator with The Metropolitan Museum API integration, Kim Grogg website, and many more

Freelance Software Engineer | New York, NY

February 2022 — Present

Created full-stack web applications and websites for different clients across small and medium size businesses utilizing advanced SEO.

Planning Manager, Education at Davines North America | New York, NY

Jan 2018 – April 2022

Created and launched department SharePoint information portal, a systematic organization of 100+ documents and resources, which saw 500+ organic visits within its first six months and reduced team members' email volume by an average of 20%.

Education Coordinator at Davines North America | New York, NY

April 2015 – Jan 2018

Executed planning and logistics for events up to 400 guests with budgets up to $150,000, while maintaining near perfect expense and budget reconciliations.
